

DESCRIPTION

The PT2471 is a brushed-DC motor driver for printers, home appliances, industrial equipment, and other small machines. Dual pin logic inputs controls the H-bridge driver output current flows to manipulate the motor rotation in forward or reverse direction. With sufficient heat dissipation PCB area or add-on heatsinking, the peak output current may up to 3.6 Amps.

The PT2471 has built-in PWM current regulation circuits; it's a very useful function to limiting average current draws from power supply during motor rotates starts up and stalled. The PWM current regulation level is determinates by an external resistor connects on ILIM pin, and no current sense resistor is required.

The PT2471 is protected from many fault conditions, including under voltage (UVLO), across-load short circuits (SCP) and over temperature shut down (TSD). The drive will disable the H-bridge output during fault condition is met, and device will automatically recovery when fault phenomena is removed.

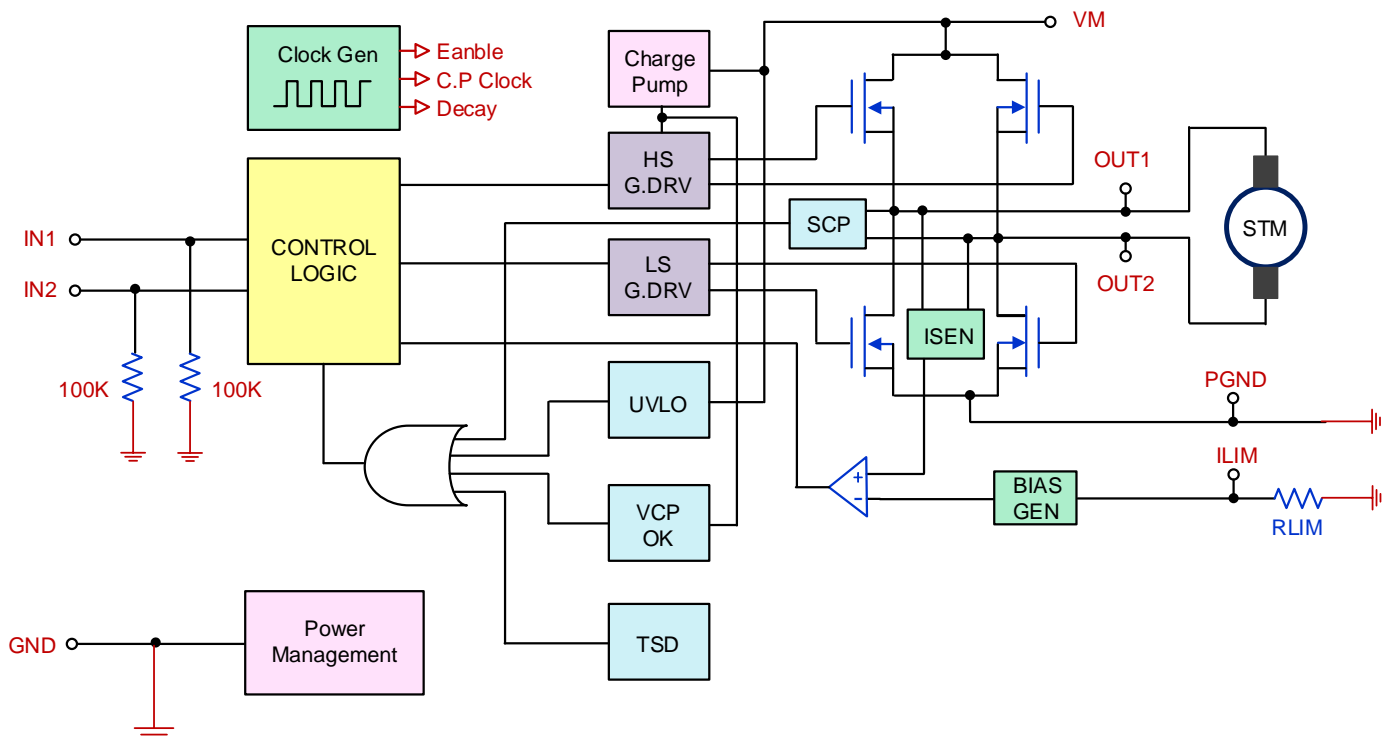

FEATURES

- H-Bridge Motor Driver for:
 - Single brushed DC Motor,
 - Single Winding of a Bipolar Stepping Motor
 - Solenoid High Side Driver
- Wide Operating Voltage : 9V to 36V
- Low Switches $R_{DS(on)}$ (HS+LS) : 500mΩ(typ)
- Peak Current Output : 3.6 Amps
- H-bridge Control Interface
- PWM Current Regulation
- Low-Power Sleep Mode
- Small Package and Footprint
 - 8-Pin HSOP With Thermal PAD
- **Protection Features**
 - VM Under voltage Lockout (UVLO)
 - Across-Load Short Circuit Protection (SCP)
 - Over Thermal Shutdown (TSD)
 - Automatic Fault Recovery

APPLICATIONS

- Printers
- Home Appliances
- Industrial Equipment

BLOCK DIAGRAM

APPLICATION CIRCUIT

Drives brushed DC motor with PWM current regulation function.

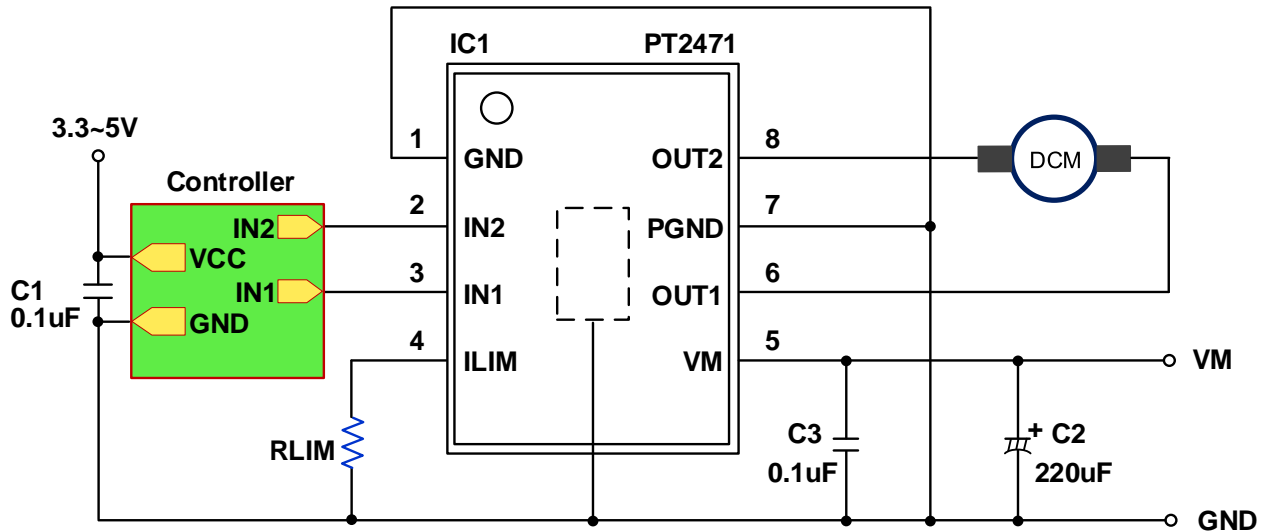

Figure 1. Typical Application Circuit

note(1) : The recommend value of RLIM is from 18KΩ to 180KΩ (3.55A ~ 0.35A).

note(2) : If RLIM sets to 15KΩ(4.24A), the SCP circuit may be triggered before Itrip threshold is reached.

note(3) : PGND pin should be connected to power ground directly to enhance heat dissipation and current sensing accuracy..

ORDER INFORMATION

Valid Part Number	Package Type	Top Code
PT2471-HS	8 Pins, HSOP	PT2471-HS
