### Independent Auditors' Review Report

The Board of Directors and Stockholders  
Princeton Technology Corp.

#### **Introduction**

We have reviewed the accompanying consolidated balance sheets of Princeton Technology Corp. and subsidiaries (the Company) as of September 30, 2025 and 2024, and the consolidated statements of comprehensive income for the three months ended September 30, 2025 and 2024 and for the nine months then ended September 30, 2025 and 2024, the consolidated changes in equity and cash flows for the nine months ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the “consolidated financial statements”). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standards 34, “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

#### **Scope of Review**

We conducted our reviews in accordance with Statement on Review Engagements of the Republic of China 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters the might be identified in an audit. Accordingly, we do not express such an audit opinion.

#### **Conclusion**

Based on our reviews, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Company as at September 30, 2025 and 2024, and its consolidated financial performance for the three months ended September 30, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the nine months ended September 30, 2025 and 2024 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standards 34, “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

#### **Notice to Readers**

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to review such consolidated financial statements are those generally applied in the Republic of China.

For the convenience of readers, the auditors' review report and the accompanying consolidated financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language auditors' review report and consolidated financial statements shall prevail.

### Independent Auditors' Review Report

The Board of Directors and Stockholders  
Princeton Technology Corp.

#### **Introduction**

We have reviewed the accompanying consolidated balance sheets of Princeton Technology Corp. and subsidiaries (the Company) as of September 30, 2025 and 2024, and the consolidated statements of comprehensive income for the three months ended September 30, 2025 and 2024 and for the nine months then ended September 30, 2025 and 2024, the consolidated changes in equity and cash flows for the nine months ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the “consolidated financial statements”). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standards 34, “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

#### **Scope of Review**

We conducted our reviews in accordance with Statement on Review Engagements of the Republic of China 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters the might be identified in an audit. Accordingly, we do not express such an audit opinion.

#### **Conclusion**

Based on our reviews, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Company as at September 30, 2025 and 2024, and its consolidated financial performance for the three months ended September 30, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the nine months ended September 30, 2025 and 2024 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standards 34, “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

**1. Company establishment**

Princeton Technology Corp. (PTC) was established in May 1986. It specializes in the development, design, testing and sales of high quality, high value-added consumer integrated circuits (ICs). PTC's common shares were publicly listed on the Gre Tai Securities Market (GTSM) in December, 2001.

**2. Date and procedures of authorization of financial statements for issue**

The financial statements were reported to the Board of Directors and issued on November 13, 2025.

**3. Newly issued or revised standards and interpretations**

a. Initial application of the amendments to the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations (collectively, "IFRSs") endorsed and issued into effect by the Financial Supervisory Commission (FSC).

New standards, interpretations and amendments as endorsed by FSC effective from 2025 are as follows:

New, Revised or Amended Standards and Interpretations	Effective Date Issued by IASB
Amendments to IFRS 21 " Lack of Exchangeability "	January 1, 2025

Note: The amendments will be applied prospectively for annual reporting periods beginning on or after January 1, 2025.

The initial application of the amendments to the IFRSs endorsed and issued into effect by the FSC did not have a significant effect on the Company accounting policies.

b. Effect of new issuances or amendments to IFRSs as endorsed by the FSC but not yet adopted:

New, Revised or Amended Standards and Interpretations	Effective Date Issued by IASB
Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments"	January 1, 2026
IFRS 17 "Insurance Contracts"	January 1, 2023
Amendments to IFRS 17 "Insurance Contracts"	January 1, 2023
Amendments to IFRS 17 "Initial Application of IFRS 17 and IFRS 9 —Comparative Information"	January 1, 2023
Annual Improvements to IFRS Accounting Standards— Volume 11	January 1, 2026

Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments"— the amendments are described as follows:

- The amendments clarify and add further guidance on assessing whether financial assets meet the solely payments of principal and interest (SPPI) criteria, including the scope of contract terms that modify cash flows based on contingent events (e.g., interest rates linked to environmental, social, and governance (ESG) goals), instruments with nonrecourse features, and contract-linked instruments.
- The amendments add that instruments with contract terms that can change cash flows (e.g., some instruments with features related to ESG goals) should disclose qualitative descriptions of the contingent nature of such terms; quantitative information about the range of possible changes in contractual cash flows resulting from such terms; and the gross carrying amount of financial assets and the amortized cost of financial liabilities under such terms.

- The amendments clarify the dates of recognition and derecognition of certain financial assets and liabilities, adding that when using an electronic payment system to settle a financial liability (or part of a financial liability) in cash, an entity is permitted to consider the liability as discharged before the settlement date only when the entity has initiated a payment instruction that results in the following circumstances:
  - (a) The entity does not have the ability to revoke, stop, or cancel the payment instruction.
  - (b) The entity, as a result of the payment instruction, does not have the practical ability to access the cash that will be used for settlement.
  - (c) The settlement risk associated with the electronic payment system is not significant.
- The amendments update that equity instruments designated at fair value through other comprehensive income (FVTOCI) by an irrevocable choice should disclose their fair value by category, rather than by each individual asset. Additionally, they should disclose the fair value gains and losses recognized in other comprehensive income during the reporting period, separately showing the fair value gains and losses related to investments derecognized during the reporting period, and the fair value gains and losses related to investments still held at the end of the reporting period. They should also disclose the cumulative gains and losses transferred to equity from derecognized investments during the reporting period.

As of the date the accompanying consolidated financial statements were issued, the above amended standards and interpretations have no significant impact to the Company's financial position and financial performance based on the Company's assessment.

c. The IFRSs issued by IASB but not yet endorsed and issued into effect by FSC:

<u>New, Revised or Amended Standards and Interpretations</u>	<u>Effective Date Issued by IASB</u>
Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets between an Investor and its Associate or Joint Venture"	To be determined by IASB
IFRS 18 "Presentation and Disclosure in Financial Statements"	January 1, 2027
IFRS 19 "Subsidiaries without Public Accountability: Disclosures"	January 1, 2027

Except as described below, the Company assesses the application of the above standards, amendments and interpretations have not material impact on the Company's financial position and financial performance.

IFRS 18 "Presentation and Disclosure in Financial Statements"

- IFRS 18 "Presentation and Disclosure in Financial Statements" replaces IAS 1, updates the structure of the statement of comprehensive income, introduces disclosures for management performance measures, and enhances the principles of aggregation and disaggregation applied in the primary financial statements and notes.

As of the date the accompanying consolidated financial statements were issued, the Company continues in evaluating the impact of the above amended standards and interpretations on its financial position and financial performance from the initial adoption of the aforementioned standards or interpretations. The related impact will be disclosed when the Company completes the evaluation.

#### **4. Summary of significant accounting policies**

Except for the following, the accounting policies applied in these consolidated financial statements are consistent with those applied in the consolidated financial statements for the year ended December 31, 2024. These policies have been consistently applied to all the periods presented, unless otherwise stated.

##### **Statement of Compliance**

The accompanying consolidated financial statements have been prepared in conformity with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34,

“Interim Financial Reporting” endorsed and issued into effect by the FSC. The consolidated financial statements do not present all the disclosures required for a complete set of annual consolidated financial statements prepared under the IFRSs endorsed and issued into effect the FSC.

### **Basis of Preparation**

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value and net defined benefit liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

### **Basis of Consolidation**

#### **a. The basis for the consolidated financial statements**

The consolidated financial statements incorporate the financial statements of PTC and entities controlled by PTC (its subsidiaries). Income and expenses of subsidiaries acquired or disposed of are included in the consolidated statement of comprehensive income from the effective date of acquisition and up to the effective date of disposal, as appropriate. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Company.

All intra-group transactions, balances, income and expenses are eliminated in full on consolidation. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the noncontrolling interests even if this results in the noncontrolling interests having a deficit balance.

Changes in the Company’s ownership interests in subsidiaries that do not result in the Company losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Company’s interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

When the Company loses control of a subsidiary, the Company should recognize any resulting differences between (1) the fair value of the consideration received, from the transaction, event or circumstances that resulted in the loss of control; and any investment retained in the former subsidiary at its fair value at the date when control is lost, and (2) the assets (including any goodwill), liabilities and any non-controlling interests of the former subsidiary at their carrying amounts at the date when control is lost.

If the Company loses control of a subsidiary, the Company shall account for all amounts recognized in other comprehensive income in relation to that subsidiary on the same basis as would be required if the Company had directly disposed of the related assets or liabilities.

The fair value of any investment retained in the former subsidiary at the date when control is lost shall be regarded as the cost on initial recognition of an investment in an associate.

### **Retirement Benefits**

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations, significant plan amendments, settlements, or other significant one-off events occurred for the period.

### **Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income tax rate that would be applicable to expected total annual earnings.

### **5. Critical accounting judgments and key sources of estimation and uncertainty**

The same critical accounting judgments and key sources of estimates and uncertainty have been followed in these consolidated financial statements as those applied in the preparation of the consolidated financial statements for the year ended December 31, 2024.

### **6. Cash and cash equivalents**

b. As of September 30, 2025, outstanding foreign exchange forward contracts not under hedge accounting were as follows:

2025.09.30

	Currency	Maturity Date	Contract Amount (In Thousands)
Sell Foreign exchange forward	USD/TWD	2025.09.15~2025.10.03	USD 200 /NTD 6,046

The Company entered into foreign exchange forward contracts to manage exposures to exchange rate fluctuations of foreign currency denominated assets and liabilities.

c. The above financial assets at FVTPL were all not pledged.

## **8. Financial assets at FVTOCI**

a. The details of financial assets at FVTOCI are as follows:

	September 30, 2025	December 31, 2024	September 30, 2024
<b><u>Financial assets at FVTOCI – non- current</u></b>

Less:allowance for doubtful accounts	—	—	—
	<u>\$ 11,989</u>	<u>\$ 3,992</u>	<u>\$ 14,300</u>

a.The Company applies the simplified approach to provisions for expected credit losses prescribed by IFRS 9, which permits the use of a lifetime expected credit losses provision for all trade receivables. The expected credit losses on receivables are estimated using a provision matrix by reference to past default experience of the customers and an analysis of the customers' current financial positions, as well as the forward-looking indicators such as macroeconomic business indicator. The Company estimates expected credit losses based on the number of days for which receivables are past due. As the Company's historical credit losses experience does not show significantly different loss patterns for different customer segments, the provision for losses based on past due status is not further distinguished according to the Company's different customer base.

b.The following table details the loss allowance of accounts receivable and other receivables.

### **20.Retirement benefit plans**

#### a. Defined contribution plans

The pension mechanism under the Labor Pension Act (the “Act”) is deemed a defined contribution plan. Pursuant to the Act, PTC and Princeton Capital Corp., have made monthly contributions equal to 6% of each employee’s monthly salary to employees’ pension accounts. Furthermore, Princeton Technology (Shenzhen) Ltd., Princeton Technology (Chengdu) Corp. and Chengdu Chip-Rail Microelectronics Co., Ltd are required by local regulations to make monthly contributions at certain percentages of the basic salary of their employees. Pursuant to the aforementioned, Act and local regulations, the Company recognized expenses of NT\$8,633 thousand and NT\$8,714 thousand, NT\$25,834 thousand and NT\$24,068 thousand in the consolidated statements of comprehensive income for the three months and for the nine months ended September 30, 2025 and 2024 respectively. The net pension cost under the Labor Pension Act amounted to NT\$2,115 thousand and NT\$2,130 thousand were not paid as of September 30, 2025 and 2024, respectively.

#### b. Defined benefit plans

PTC have defined benefit plans under the Labor Standards Law that provide benefits based on an employee’s length of service and average monthly salary for the six-month period prior to retirement. The aforementioned companies contribute an amount equal to 2% of salaries paid each month to their respective pension funds (the Funds), which are administered by the Labor Pension Fund Supervisory Committee (the Committee) and deposited in the Committee’s name in the Bank of Taiwan. Before the end of each year, the Company assesses the balance in the Funds. If the amount of the balance in the Funds is inadequate to pay retirement benefits for employees who conform to retirement requirements in the next year, the Company is required to fund the difference in one appropriation that should be made before the end of March of the next year. The Funds are operated and managed by the government’s designated authorities; as such, the Company does not have any right to intervene in the investments of the Funds.

The pension costs of the aforementioned defined benefit plans were recognized in profit or loss by the following categories:

	2025.07.01~ 2025.09.30	2024.07.01~ 2024.09.30	2025.01.01~ 2025.09.30	2024.01.01~ 2024.09.30

- (a) Such capital surplus may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of the Company's paid-in capital and once a year).
- (b) Such capital surplus arises from the effect of changes in ownership interest in a subsidiary resulted from equity transactions other than actual disposal or acquisition, or from changes in capital surplus of subsidiaries accounted for by using equity method.

c. Retained earnings and dividend policy

According to the retained earnings distribution policy in the Incorporation of the Company, if the Company has earning upon settlement for a fiscal year, after taxes are paid by law and accumulated deficits are set off, ten percent shall be appropriated as legal earning reserves; however, if the amount of the legal earning reserves has attained the amount of paid-in capital of the Company, no further appropriation shall be made. The remainder shall be appropriated or reversed as special earning reserves. If there still has balance, considering together with accumulated undistributed earnings, the Board of Directors shall prepare the proposal for earning distribution, which shall be submitted to the stockholders' meeting for a resolution of distribution of dividends and bonuses to stockholders.

According the amended Article of Incorporation of the Company, the dividend policy of the Company is to deliberately distribute dividends, in the light of present and future development plan, taking into consideration the investment environments, fund demands, and domestic competition status, as well as factors of interests of stockholders; provided. However, the amount of proposed earning distribution of current year may not be less than 50% of accumulated distributable earnings. In distributing dividends and bonuses to stockholders, the distribution may be made by stocks or cash, of which cash dividends may not be less than 50% of total amount of dividends.

The Company no longer has supervisors since June 13, 2008. The required duties of supervisors are being fulfilled by the Audit Committee.

The appropriation for legal capital reserve shall be made until the reserve equals the Company's paid-in capital. The reserve may be used to offset a deficit, or be distributed as dividends in cash or stocks for the portion in excess of 25% of the paid-in capital if the Company incurs no loss.

Pursuant to existing regulations, the Company is required to set aside additional special capital reserve equivalent to the net debit balance of the other components of stockholders' equity, such as the accumulated balance of foreign currency translation reserve, unrealized valuation gain/loss from available-for-sale financial assets, gain/loss from changes in fair value of hedging instruments in cash flow hedges, etc. For the subsequent decrease in the deduction amount to stockholders' equity, any special reserve appropriated may be reversed to the extent that the net debit balance reverses.

The resolution of 2024 deficit compensation had been proposed by the Board of Directors on February 27, 2025. The Company didn't appropriate dividend, besides reverse special reserve NT\$39,934 thousand.

The Company's appropriation of earnings for 2023 was approved in the shareholders' meeting held on June 18, 2024. The appropriations and cash dividends per share were as follows:

	<u>Appropriation of Earnings</u>	<u>Dividends Per Share (NT\$)</u>
Legal reserve	\$ 6,016	
Special reserve	8,698	
Cash dividend to shareholders	45,236	\$ 0.25

1.Under certain agreement, the Company shall pay royalties at a percentage of net sales (as defined in the agreement) with respect to certain products.

2.Refer to Table of Note 40 (Table 2) for endorsements/guarantees provided.

3. In order to ensure steady capacity, the Company entered into some capacity reservation contracts with suppliers and paid for the purchases over the long-term prepayments in order to ensure fulfillment to the contract. The long-term prepayment will be refunded when terms and conditions set forth in the contract have been satisfied.

**35. Significant loss:** None.

**36. Subsequent events:** None.

**37. Capital management**

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios to support its business and maximize the stockholders' value.

The management reviews the capital structure of the Company quarterly. As part of this review, the management considers the cost of capital and the risks associated with each class of capital. According to the management's suggestion, the Company maintains a balanced capital structure through paying cash dividends, increasing its share capital, purchasing treasury stock, proceeds from new debt or repayment of debt.

Note 2: Including short-term loans, notes & accounts payable, other payables, refundable deposits and other financial liabilities.

b. Fair value of financial instruments

(a) The Fair value measurements are grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 inputs are unobservable inputs for the asset or liability.

(b) Fair value of financial instruments carried at amortized cost

The Company considers that the carrying amounts of financial assets and financial liabilities recognized in the consolidated financial statements approximate their fair values.

(c) Fair value of financial instruments

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value:

There were no transfers between Level 1 and 2 for the nine months ended September 30, 2025 and 2024.

(d) Valuation techniques and assumptions applied for the purposes of measuring fair value

The fair values of financial assets and financial liabilities are determined as follows:

- The fair values of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices (includes publicly traded stocks and money market funds).
- The fair values of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.
- The fair values of private funds are determined using the asset based approach. The Company assesses that the amount of its net assets attributable to its investment approaches the fair value of the equity investment. The Company assesses the total value of the individual assets and liabilities covered by the target to reflect the overall value of the business.

(e) Reconciliation of Level 3 recurring fair value measurements of financial instruments:

#### c. Financial risk management objectives

The Company seeks to ensure sufficient cost-efficient funding readily available when needed. The Company manages its exposure to foreign currency risk, interest rate risk, equity price risk, credit risk and liquidity risk with the objective to reduce the potentially adverse effects the market uncertainties may have on its financial performance.

The plans for material treasury activities are reviewed by Audit Committees and/or Board of Directors in accordance with procedures required by relevant regulations or internal controls. During the implementation of such plans, Corporate Treasury function must comply with certain treasury procedures that provide guiding principles for overall financial risk management and segregation of duties.

#### d. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices. Market prices comprise foreign currency risk, interest rate risk and other price risk.

##### (a) Foreign currency risk

The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities and the Company's net investments in foreign subsidiaries. Some assets and liabilities of the Company denominated in the same foreign currency and were expected to mostly offset gains or losses of changes in foreign

exchange rate. Furthermore, as net investments in foreign subsidiaries are for strategic purposes, they are not hedged by the Company.

The carrying amounts of significant foreign currency denominated monetary assets and monetary liabilities are as follows:

	September 30, 2025		December 31, 2024		September 30, 2024	
	Foreign Currency (thousand)	Exchange Rate	Foreign Currency (thousand)	Exchange Rate	Foreign Currency (thousand)	Exchange Rate
<b>(Foreign currencies : functional currency)</b>						
<u>Financial Assets</u>

<u>Non-monetary items</u>						
CNY : USD	\$ 171,558	0.1515	\$ 151,538	0.1514	\$ 150,938	0.1515
USD : CNY	1,460	30.395	1,440	32.735	1,420	31.60
<u>Investments accounted for under the equity method</u>						
USD : TWD	\$ 28,378	30.395	\$ 28,076	32.735	\$ 28,581	31.60
<u>Financial Liabilities</u>						
<u>Monetary items</u>						
USD : TWD	\$ 3,606	30.495	\$ 4,545	32.835	\$ 4,841	31.70
JPY : TWD	834	0.2078	1,141	0.2119	1,159	0.2243
CNY : USD	52,166	0.1397	30,097	0.1360	25,452	0.1423

The Company's sensitivity analysis to foreign currency risk mainly focuses on the foreign currency monetary items at the end of the reporting period. Assuming depreciation / appreciation of 1% in the foreign exchanges against the New Taiwan dollar, the net loss for the nine months ended September 30, 2025 and 2024 would have increased /decreased by NT\$5,483 thousand and NT\$7,166 thousand, respectively.

(b) Interest rate risk

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's loans at floating interest rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Sensitivity analysis of interest is calculated based on the financial liabilities exposed to cash flow interest rate risk at the end of each reporting period.

If interest rates had been 0.25% higher/lower, the Company's net cash flows for the nine months ended September 30, 2025 and 2024 would increase/decrease by NT\$5 thousand and NT\$2 thousand.

(c) Other price risk

The Company were exposed to equity price risk through their investments in Financial assets at FVTPL.

A change of 5% in the price of the listed stocks classified under at fair value through profit or loss could cause the net loss for nine months ended September 30, 2025 and 2024 to increase/decrease by NT\$2,414 thousand and NT\$2,671 thousand.

The sensitivity analysis information of other equity instruments or derivatives that are linked to such equity instruments whose fair value measurement is categorized under Level 3 of the fair value hierarchy. Please refer to Note 38.

e. Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk from operating activities, primarily trade receivables, and from financing activities, primarily deposits, fixed-income investments and other financial instruments with banks. Credit risk is managed separately for business related and financial related exposures.

(a) Business related credit risk

In order to maintain the credit quality of trade receivables, the Company has established procedures to monitor and limit exposure to credit risk on trade receivables.

Credit evaluation is performed in the consideration of the relevant factors which may affect the customer's paying ability such as financial condition, external and internal credit scoring, historical experience, and economic conditions. The Company holds some of the credit enhancements such as prepayments and collateral to mitigate its credit risks.

As of September 30, 2025, December 31, 2024 and September 30, 2024 the Company's ten largest customers accounted for 85%, 87% and 72% of total trade receivables, respectively.

(b) Financial credit risk

The Company's exposure to financial credit risk which pertained to bank deposits, fixed income investments and other financial instruments were evaluated and monitored by Corporate Treasury function. The Company only deals with creditworthy counterparties and banks so that no significant credit risk was identified.

f. Liquidity risk

The objective of liquidity risk management is to ensure the Company has sufficient liquidity to fund its business requirements of cash and cash equivalents and the unused of financing facilities associated with existing operations.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.
